

ROHITH P

Network Engineer | IT Administrator | Full-Stack Developer
Kerala | +91 96455 71764 | puthanveetillrohith@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven IT professional combining network infrastructure expertise with full-stack development and data analytics. Proven ability to architect scalable systems, automate operations, and deliver high-impact solutions across government and private sectors. Experienced in NLP/ML implementation, cybersecurity frameworks, and leading technical projects from conception to deployment.

PROFESSIONAL EXPERIENCE

Network Engineer

[Smartsoft](#), Kerala | September 2025 – Present

Architected and deployed network infrastructure solutions supporting 200+ users across distributed locations
Optimized network security protocols and access controls, reducing unauthorized access incidents by 35%
Designed and implemented Cisco-based network configurations, improving system uptime to 99.2%

IT Administrator

Government Medical College Hospital, Manjeri | June 2025 – July 2026

Managed critical IT infrastructure supporting 500+ staff and patient management systems across multiple departments
Implemented automated backup and disaster recovery solutions, ensuring 100% data integrity for sensitive medical records
Administered cloud infrastructure on Azure, reducing operational costs by 28% through resource optimization
Deployed and managed cybersecurity protocols compliant with healthcare data protection standards

TECHNICAL PROJECTS & ACHIEVEMENTS

Financial News Sentiment Analysis – NLP/ML Implementation

Engineered fine-tuned DistilBERT model achieving 92% accuracy in classifying financial news sentiment across 50,000+ articles
Integrated real-time sentiment monitoring dashboard enabling data-driven investment decisions and risk assessment

Cyber Crime Reporting Management System – Full-Stack Web Application

Developed citizen-facing web platform with 15+ functional modules handling complaint submission, status tracking, and grievance management
Built admin dashboard providing law enforcement oversight, case assignment, and workflow automation—deployed to 5 police districts

Blood Donor Data Management System – Database Architecture

Architected PostgreSQL-based centralized database managing 10,000+ donor records with automated matching algorithms
Reduced emergency blood request response time from 4 hours to 45 minutes through optimized query performance

Waterbody Floating Debris Collector – Embedded Systems Engineering

Designed and deployed Arduino-based automated collection system for water body maintenance, reducing manual labor by 60%

EDUCATION

B.Tech in Information Technology (7.24/10 CGPA)

College of Engineering Vadakara, APJ Abdul Kalam Technological University, Kerala | 2022 – 2025

Diploma in Electronics Engineering (7.59/10 CGPA)

AKNM GPTC Thirurangadi, Malappuram, Kerala | 2019 – 2022

TECHNICAL SKILLS

Languages:

Languages: Java, Python, SQL, JavaScript, PHP, HTML/CSS, C

Frameworks & Libraries: Django, Flask, Bootstrap, TensorFlow, Laravel, Cypress

Databases: PostgreSQL, MySQL, MariaDB, MongoDB

Cloud & Tools: Azure, Power BI, Cisco networking, Git, MATLAB, Arduino, WordPress

Dev Environments: Eclipse IDE, Visual Studio Code, IntelliJ IDEA

Hardware: PLC, Embedded Systems, Networking & Configuration

CERTIFICATIONS

Therapeutic Residential Care (TRC) – Level 4 ATHE UK Qualification | 2026

Data Analytics Specialist Certification – QSpiders | 2025

Data Analytics & Business Intelligence – KPMG | 2023

Cybersecurity Management Virtual Experience Program – ANZ | 2023

Industrial Automation & PLC Programming – BOSCH | 2021

LEADERSHIP & LANGUAGES

NCC Senior Under Officer: Demonstrated leadership, discipline, and team management at senior cadet level

Languages: Malayalam (Fluent), English (Fluent), Hindi (Conversational)

Core Competencies: Infrastructure Architecture | Network Security | Full-Stack Development | Data Analytics | Team Leadership | Problem-Solving
